# Vermont LNV CILC Content Dollar Bank

You will first want to complete your free membership on the CILC website www.cilc.org. Click the *Join Now, It's Free* button on the homepage.

#### SEARCHING FOR CONTENT

Although you can search from any page, going to the grey tab, *Content for Students*, and selecting *Content Provider Programs* from the drop down list provides the ability to also select a specific content provider.

The search is a Google mini. Like Google, the more criteria you put in the keyword box, the more defined your results will be. In the keyword search box, you can list the grade level and the discipline as well as the topic you are searching.

**Example:** civil war grade 6 social studies

#### **SELECTING A PROGRAM**

Clicking on the name of the Content Provider will give you detailed information about the organization. Clicking on the program title will give you details about that specific program.

### **REQUESTING A PROGRAM**

Once you have clicked on a program title, click on <u>Request this Program Now</u>. (Top or bottom of the Program Flyer page).

Fill out the one page form.

Following is a truncated version of the form.

<u>IMPORTANT</u>: In the drop down list titled **Requesting Organization**, make sure you select: **Vermont LNV**

Once you have entered the required information such as grade level and number of participants, click the *Next Step* button.

You will be taken to the Billing Information page. Click the *Next* button on the bottom of the page.

The final page will be an overview of your program request. This allows you to check the information one more time before you forward it.

**IMPORTANT:** Once you are satisfied with the information, click the *Forward for PIN Authorization* button. This sends your request to Tim King to enter the PIN. Once he enters the PIN, the request is sent to the Content Provider.

Although a few programs are listed on specific dates/times, most are offered BY Request. Which means the teacher gets to request a date/time that best fits into their schedule. Once the Content Provider receives your request, they will approve it *or* offer you an alternate date/time. The approval e-mail will have a link to the Program Guide. This guide will include supplemental resources such as vocabulary, and pre/post activities.
